Winemaker:	Corey Ryan
Closure:	Screwcap
Alcohol:	12.5%

HELLO!
V.F. (VERY FRIENDLY) WINES

Summary: Hello! is a very friendly wine that also happens to be vegan friendly. And, if you've been forced into isolation in recent times, Hello! is a chance to re-connect with the wines & people you love – even while social distancing! So, if you like friendly Pinot or Shiraz from South Australia then these are the wines for you. Hello! A wine that by its very nature is friendly on your palate. Perfectly suited to many cuisines, these wines are also crafted to ensure they are suitable for Vegans.

Vineyards: sourced from low-yielding Grenache and Shiraz vineyards across South Australia. From the premium heartland of the Barossa Valley across to the earlier picked, dry grown and full of life vineyards of the Riverland.

Winemaking: Picked early with sufficient ripeness to deliver berry fruit character with a fine natural acidity. Delivered to the winery for a moderate press to extract some colour combined with the best of the free run juice. Fermented and matured in stainless steel prior to bottling and a quick release.

Vintage 2020: 2020 had its challenges with a dry start and only a small portion of rain and with much of the country suffering drought conditions. The warm dry spell continued in December with some extreme hot temperature days recorded. Thankfully due to one of the coolest January's on record the vines were able to re-address the balance. It was a late ripening year and yields were down but despite the challenges it will be another excellent vintage across South Australia.

Tasting Note: Lifted, vibrant red berry and raspberry like fruit with white flowers, rose petal and subtle dark spice. The wine feels light in the mouth yet is so full of flavour it seemingly lasts forever. Serve chilled and pair with an antipasto platter.
