| <b>Alcohol:</b>       | <b>Zero Alcohol</b>  |
| <b>Pack Size:</b>     | <b>6 Bottle Pack</b> |

**Summary:** Sobriety Society is a zero-alcohol wine range made with organically grown grapes ensuring a better tasting alternative to other alcohol removed wines. Thanks to the gentle removal of alcohol the wines remain aromatic and flavoursome.

**Vineyards:** Made with organically grown grapes sourced from around Australia

**Winemaking:** Sobriety Society uses premium quality organically grown grapes to make pure and expressive alcohol removed wines. An ultra-membrane filter is used to aid the removal of alcohol ensuring the resultant wines remain vibrant and full-flavoured.

**Tasting Note:** A classic example of Blanc de Blancs, bursting with citrus and apple and a freshly effervescent mouthfeel. The palate is full flavoured and ends dry with a hint of sweetness and cleansing acidity. Serve chilled and pair with your favourite canapes.
