Winemaking: Completely de-stemmed with a short maceration (a few hours) enough to impart colour and texture. Following a soft pressing, the juice is given a cool fermentation in stainless steel and allowed to ferment close to dry. Maturation on lees in stainless steel adds texture and malolactic fermentation is prevented to ensure vibrancy.

2020 Vintage: 2020 had its challenges with a dry start and only a small portion of rain and with much of the country suffering drought conditions . The warm dry spell continued in December with some extreme hot temperature days recorded. Thankfully due to one of the coolest January's on record the vines were able to re-address the balance. It was a late ripening year and yields were down but despite the challenges it will be another excellent vintage across South Australia.

Tasting Note: Extremely pale in colour, seductively salmon like. The nose shows nicely restrained red fruits, as well as rose petal and enticing spice notes. The palate exhibits a refreshing core of vibrant red berry and candied fruits, culminating with layers of complexity to an impressively long and dry finish. Perfect poolside drinking for summer with a fruit and cheese platter.
