Summary: Earth Mother is a homage to mother nature. Devoted guardian of our lands and our vineyards and in keeping with that theme these wines are organic and vegan friendly.

Organic wines are sourced from fully certified Organic vineyards and made using minimal additions. Made with fruit from the Valleys of Marlborough, New Zealand this wine has been crafted by the elements and shaped by the vast landscape of its home.

Winemaking: Hand-picked into small bins and chilled before transportation to the winery, this wine saw a cool fermentation in stainless steel before extended maturation on lees to build texture and complexity.

2019 Vintage: 2019 was an auspicious vintage for Marlborough vignerons with favourable reports from all parts of the region. There were more sunshine days and less rain and although the yields were down the quality was deemed excellent.

Tasting Note: Pale in colour with hints of green. The nose is trademark Kiwi Savvy with gooseberry aromas given complexity by feijoa and citrus. The palate displays lime, and passionfruit flavours carried by a fine mineral acid backbone.
